

Designer ocean view penthouse

Santa Monica, California

Stunningly re-created, 2-story penthouse with spellbinding views. Boasting two bedrooms, two baths plus loft, this amazing unit features a spacious kitchen with granite counter tops and bamboo cabinetry, and a huge outdoor deck for watching the sunset. The fine finishes throughout include skylights, which flood the space with light, rare mosaics, and dark walnut wood floors. The views reach from Palos Verdes, across the sparkling Santa Monica bay, to Catalina Island and stretch all the way to Point Dume. The ideal lifestyle awaits you with the beach and trendy Main Street shops and world-class restaurants located just one block away.
